Australian National University  
Box 334  
CANBERRA. A.C.T. 2600

Dear Dr. Kirk,

Thanks for all the reprints. I will be passing through Canberra this weekend en route to Darwin to collect some samples of blood and was wondering if convenient for you, if I could call in briefly and see you on Friday afternoon (November 14th).

As I have left such little time to reply, I shall phone your secretary on Friday to see if it is convenient.

With kind regards,

Yours sincerely,

*Roslyn Angell.*
