Mr. F.W.G. Andersen,
Deputy Commissioner of Native Welfare,
Native Welfare Department,
176 Wellington Street,
PERTH

Dear Mr. Andersen,

You will have noted from reports in the local press that our trip to Gundelee, Leonora and Laverton was completed successfully. From the scientific point of view everything went perfectly, and it appears that some very useful results will emerge when our laboratory studies are complete.

The success of the trip was due in no small measure to the wonderful cooperation we received from your officers, Mr. Beharell and Mr. Hardwick. I would be glad if you would convey to them our appreciation of their help. I would also like to add my own personal thanks to you for facilitating our visit to the aborigines in the Goldfields area.

In due course I will let you have a copy of the results and conclusions which emerge from the trip.

With kind regards,
Yours sincerely,

R.L.KIRK
