

25th July, 1960.

Mr. Wilfred Douglas,  
222 Boulder Road,  
Kalgoorlie, W.A.

Dear Wilf,

We are planning another trip to your part of the world this August, aiming to revisit Leonora and Laverton for a few days and possibly go to Mulga Queen road conditions permitting. We do not intend to do much blood taking except from one or two individuals who are especially interesting to us, but I would like to get some much more accurate family histories from the peoples we worked with last year.

To do this, however, I need the assistance of someone who can talk to them in their own language. Would you be able to spend 3 or 4 days with us, from August 14th-16th. I am able to offer some small financial return of £4 per day plus all expenses for your services as a translator if you are able to come.

Let me know if John would like any more chemicals for his microscope work - I can bring them along when we come.

Kind regards,
