Dr. R. Kirk,

Dear Bob,

Many thanks for the substantial sum sent to me by the University. I only trust that my presence with you on the trip will prove to have been of some real help.

I received your telegram at Mt. Margaret and trust that you received my reply in the form of a genealogy of the [redacted] family. Was this what you required, or would you prefer to have it set out in another way. Please let me know if there are other genealogies you require.

We have been very busy cleaning up our "new" house since our return from the Mt. Margaret Anniversary meetings.

Please remember us to your wife and Anne, also to those in your department - Laurie, Mrs. Vos and Jean.

Yours sincerely
Wulf Douglas
